## Come PLAY with US!

As a member of our incredible team, each day will be filled with opportunities to engage with kids in large group games, arts & crafts, board games, outside play, science and technology projects, and many other exciting activities.

We need dynamic team members who are invested in kids and willing to help us carry out our mission: "To inspire youth to discover and develop their interests and abilities through quality enrichment programs". We provide opportunities for children to grow, play, and learn together and we need an elite team of people to help make that happen every day.

**If you want to work with kids and want to have FUN at work - this is the place for you!**
